Farmhouse Holiday

In keeping with our philosophy to live in harmony with the environment, we decided to open a moderate accommodation service which would increment our income from natural farming and yet in no way interfere with it!

The main aim of our farmhouse hospitality is to offer the possibility to have a really restful, relaxing and healthy holiday in a peaceful and comfortable atmosphere, with beautiful views and several itineraries inviting long walks completely immersed in nature. By choice we do not offer meals. On the other hand, we do offer total independence in 2 SEPARATE APARTMENTS and the chance for those choosing the FARM CAMP SITE to prepare their own meals in a large room with equipped kitchen. It is however possible, on request, to take part in our family breakfast and snacks and taste some of our products.

We can speak European languages such as German, English and French and this favours the possibility to host foreign guests who wish to enjoy an alternative holiday of an ecological, environmentally sound nature.

Our geographical position offers many advantages:

Pergola is a small town famous for the discovery of Roman bronze statues, and our guests are entitled to a discount on the museum entrance fee. There is also an important archaeological site in our valley, the ancient city of Suasa.

Mount Catria (1701m above sea level), with the possibility to go on long treks and the Hermitage of Fonte Avellana (900 A.D.) with its Camaldolite Monks, are about 10km from the farm.

The impressive Frassassi caves are only 25km away.

The Adriatic coast with its well known tourist beaches in the resorts of Marotta, Fano and Senigallia are about 40km away.

Just an hour's drive and you'll find the medieval towns of Gubbio, Urbino, Mondavio and Corinaldo.

We also offer our guests the chance to experience all the farm school itineraries usually only available for school students:

The woodland itinerary with its clearings and the lake, which are key elements for recreational activity in close contact with nature.

Native trees and bushes are seen in relation to their natural environment and climate—living in a community of other plants and animals. They have been identified on special paths.

The opportunity to participate in organic farming and gardening, sheep's cheese making, farm animal breeding and forestry are all activities open to our guests and we are more than happy to share our experience and knowledge with them.

Prices

We offer accommodation in 2 separate apartments.

APARTMENT 1

double room, kitchen and living room with sofa bed, bathroom with shower, small terrace with outdoor space, daily rate high season € 59,00 and daily rate low season € 54,00.

APARTMENT 2

double room, single room, kitchen, living room, bathroom with shower, small terrace with outdoor space, daily rate high season € 65,00 and daily rate low season € 60,00. Children's cots available on request at no extra charge.

There is no discount for periods of less than one week.

THE FARM CAMP SITE

has four spaces for tents, car parking, lighting and electricity, bathroom with shower and a large communal equipped kitchen; the daily rate is € 9,00, per person per night with a possible increase, upon agreement, in the case of constant use of the kitchen.
